TO Dr ALLAN TUCKER, CHAIRMAN IAP FINANCE COMMITTEE

24.09.2010

Dear Dr. Tucker

Request from the Education Committee to the Finance Committee:
To increase the Biennium 2010-2012 Allocation at $60K or at least maintain it at **$50K**

By reference to the Expenditure listed in the Spreadsheet it can be seen that all but $1200 of the $50K was spent (or committed) in the 2008-2010 biennium.

The Educational programmes supported and amounts allocated were:

- **6th Asia Pacific IAP Meeting, Cochi, Kerala , August, 2009 $5000**
- **AWAD IAP 3rd Scientific Meeting , Ibadan, Nigeria, Aug. 2009 $5000**
- **EAD IAP 1st Inaugural Meeting Nairobi, Kenya, August 2009 $5000**
- **Argentinian Division Meetings, Buenos Areis Oct./ Nov. 2009 $5000**
- **Arab Division, 23rd ADIAP Congress, Cairo, December 2010 $5000**
- **Swiss Division, Workshop in Dar es Salaam, Tanzania, 2010 $3800**
- **Romanian Division 1st Scientific Meeting Cluj, April 2010 $5000**
- **Cuban Division 2nd Scientific Congress Havana March 2011 $5000**
- **Ukraine Division Scientific Meeting Kharkiv May, 2010 $5000**
- **Taiwan Division, 7th Asia Pacific IAP Congress, Taipei 2011 $5000**

Thus we have to date spent/committed $48,800 leaving only $1,200 until the next allocation

BIENNIUM 2008-2010

I foresee that there will be requests coming in for support from the other deserving Divisions/ Countries and to which I have added the amount of support predicted, bearing in mind also the increase in travel costs and in holding meetings

Foremost amongst global areas are:

Latin American Countries	$10000
Africa, East and West and central	$10000

Followed by:

Eastern Europe; former USSR countries	$10000
Asia Pacific Countries	$10000

Other worthy requests not yet considered	$10000 +
Funding for IAP 2012 Congress Bursaries*	$5000

Thus, with a total predicted/planned spend of $60.000 in the next two years on behalf of the Education Committee I request that for the 2010-2012 Biennium the allocation is increased to $60K ($50 K + an additional $10K)

While I realize that the current economic climate is not the most auspicious of times to request more money, I do hope this request from the Education Committee for $60K will be favourably considered especially since $28,648 representing a half share of the profits of the 2008 Athens Congress has been donated by the Hellenic Division and specifically designated for **"education activities of the underserved countries"**

Yours sincerely

Kristin Henry, Chairman, Education Committee

***The recent practice has been that, except in special cases, Bursary awards to attend IAP International Congresses are made to young Pathologists (40 years and younger).**
From my experience of Bursary applications, there are older deserving pathologists from underserved countries who cannot obtain funding from their own Divisions, Institutions or personal resources. And yet they have much to give and learn from the experience.
