

Report of the Editor of the News Bulletin to be presented at the Executive Meeting in San Antonio, February 27, 2011

I have published 2 editions of the IAP Bulletin since the meeting in Sao Paulo. Both publications, Volume 51(4) and Volume 51(3) are on the web.

Vol 1-11 will be being printed during the week of the USCAP meeting. It contains a rather colourful report of Sao Paulo and reports from the East and West African Divisions, as well as the President's Museum at Charing Cross Hospital.

The Australasian News Letter no 2-10 of Nov 2010 was published in full colour for the first time.
